NEW QUESTION: 1

Your company wants to define different status conditions for fulfillment lines that have different categories assigned to a single orchestration process in Order Management Cloud.

Which two configurations would you perform to meet this requirement? (Choose two.)

- A. Create a unique step for each category and assign different "next expected task statuses."
- B. Define a fulfillment line statusrule set for each category.
- C. Assign the status catalog to the orchestration process.
- D. Define orchestration process status values for each category.

Answer: C,D

Explanation:

Explanation

An orchestration process is a predefined business process that coordinates the orchestration of physical goods and activities within a single order and automates order orchestration across fulfillment systems.

NEW QUESTION: 2

Your company has a single Active Directory domain. The company has a main office and a branch office. Both the offices have domain controllers that run Active Directory-integrated DNS zones.

All client computers are configured to use the local domain controllers for DNS resolution. The domain controllers at the branch office location are configured as Read-Only Domain Controllers (RODC).

You change the IP address of an existing server named SRV2 in the main office.

You need the branch office DNS servers to reflect the change immediately.

What should you do?

- A. Run the `dnscmd /ZoneUpdateFromDs` command on a domain controller in the main office.
- B. Change the domain controllers at the branch offices from RODCs to standard domain controllers.
- C. Decrease the Minimum (default) TTL option to 15 minutes on the Start of Authority (SOA)

record for the zone.

D. Run the `dnscmd /ZoneUpdateFromDs` command on the branch office servers.

Answer: D

NEW QUESTION: 3

Cycle Time, Defects, Scrap Cost and Safety are examples of business metrics or commonly referred to as which of the following?

A. Key Performance Indicators

B. Defects per Unit

C. Impediments to Flow

D. Hidden Costs

Answer: A
