NEW QUESTION: 1

Chris and Amy, two coders on your team, have come to you complaining that Jane, the discharge clerk, is deliberately holding back charts, causing a coding backlog. You are not sure Jane is really the cause of this problem because Chris and Amy have a history of blaming others for their work-related delays. To determine if Jane is truly a "problem employee" it would be best to first

- A. discretely ask other employees if they are having similar problems with Jane.
- B. request assistance from the Human Resources Department.
- C. observe Jane's interaction with others.
- D. determine the source of the conflict.

Answer: D

NEW QUESTION: 2

What is the result of the following bucket policy?

Choose the correct answer:

Please select:

- A. It will allow the user mark from AWS account number 111111111 all access to the bucket but deny everyone else all access to the bucket
- B. It will deny all access to the bucket mybucket
- C. It will allow all access to the bucket mybucket
- D. None of these

Answer: B

Explanation:

The policy consists of 2 statements, one is the allow for the user mark to the bucket and the next is the deny policy for all other users. The deny permission will override the allow and hence all users will not have access to the bucket.

Options A,B and D are all invalid because this policy is used to deny all access to the bucket mybucket For examples on S3 bucket policies, please refer to the below Link:
