NEW QUESTION: 4

A customer would like to create a change and a % Change for Revenue at the same time. How would they accomplish this?

- A. Defining them in the Presentation Layer
- B. Defining them in the physical data model
- C. Using the Expression Builder
- D. Using the Calculation Wizard

Answer: D

Explanation:

Explanation/Reference:

After creating your base metrics, try using the Calculation Wizard to automate the process of creating time-series metrics or comparison metrics such as: Change, Percent Change, Index, and Percent. The Wizard may save you many hours of time and frustration, especially if you have to create more than a handful of these metrics. In addition, the Wizard allows you to include customized logic to handle nulls in the base metrics. You may refer to the Oracle documentation for further detail.
