Note: Switching plans manually means that you're completing the following separate procedures instead of using the switch plans wizard. The procedures are:

- * Buy licenses for the subscription you're switching users to.
- * Verify the subscription is ready to switch users to.
- * Reassign user licenses
- * Remove unneeded licenses from the subscription you're switching from.
- * Cancel the original subscription (if switching all users).
- * Switching only some users isn't supported by the switch
